

SAVE THE DATE!
30 MAY – 2 JUNE 2017
Mannheim/Heidelberg

Conference Webpage

www.efi2017.org

Dear Colleagues

Please save the date **May 30 - June 2, 2017** for the **EFI-DGI Joint Meeting** in **Mannheim/Heidelberg**.

With my colleagues Volker Daniel, Sabine Scherer, Michael Müller-Steinhardt and Hien Tran and The EFI Scientific Advisory Committee we have been working hard to offer you an exciting scientific program under the motto **“Translational Immunogenetics”** covering the latest developments in the field of Immunogenetics.

The scientific part of the meeting will be held in Mannheim, in the modern conference centre **Rosengarten** which is embedded into one of the largest and most beautiful Art Nouveau parks in Europe. I am sure you will enjoy this location with its light and fountain shows, cosy cafés and international restaurants. For the gala dinner we invite you to the world-famous **Heidelberg Castle**.

Mannheim is only 30 minutes away from the Frankfurt Airport, and Heidelberg is only 15 minutes from Mannheim by train. Included in the conference fee is the **Rhine-Neckar Ticket** which will allow you to explore exciting locations in the region by public transport.

For further information please visit the Conference Homepage www.efi2017.org. Colleagues from outside of Europe are especially welcome; we want to exchange the most recent findings and discuss the problems arising in different regions of the world.

Looking forward to seeing you all in Mannheim and Heidelberg,

Yours,

Caner Süsal
